

PRESIDENTS MYSTERY QUILT STEP #4

Press the seam allowances towards the accent fabrics. Trim the dog ears.

Take your second stack of 34 that you set aside in Step #3. Turn the blocks of the second pile so that the seams slopes downhill, left to right. Keeping the blocks in this position, slice each of them, vertically, into 2" inch wide sections. Label them E-H as shown below. Keep all the "E"s together, keep all the "F"s together, keep all the "G"s together and keep all the "H"s together.

Rearrange the order of the sections to make mountain blocks, as shown below. Randomly mix the fabrics in each mountain. **Press** all of the seam allowances to the left.
