Supply List
McKenna Ryan Workshop
January 13, 2010
Masonic Temple**

McKenna Ryan pattern of your choice.

Fabric for the pattern and background

Fusible Web (McKenna uses Fusible Web Applique Method). You need a lightweight fusible web such as Lite Steam-A-Seam by the Warm Co.

Small wall paper seam roller (can be purchased at most hardware or paint stores)

You can trace and label your pieces on the fusible web prior to coming to the class.

Also, you can piece the background before class.
